Share	Purpose		
\\NH-FS-01\Billing	Billing workflow		
\\NH-FS-01\Clinical	Clinical documentation		
\\NH-FS-01\HR	HR and payroll records		
\\NH-FS-01\IT	IT administration		

Notes for Hunters
Nimbus Health's May 2026 environment reflects an organization under growth pressure. New hires have been added across departments, but the technical environment remains compact. Multiple users now share the same department workstations, which may create overlapping endpoint activity. Analysts should compare observed activity against role expectations, department access boundaries, and shared-workstation context.
